B 4 Co-exhibitors / additionally represented companies (so-called logo partners)

The participation of companies as co-exhibitors/additionally represented companies (cf. A 4) is on principle possible. The registration of co-exhibitors is excluded for the combination packages. Participation is, however, subject to Messe München GmbH's prior authorization. Permission to participate may be granted only if the co-exhibitor/additionally represented company would also be eligible to participate as an exhibitor. However, a mandatory communication fee in the amount of **EUR 1,150** will be levied for each co-exhibitor. The mandatory communication fee for each co-exhibitor includes the same services as for the main exhibitor (cf. B 3 and B 11). All co-exhibitors/additionally represented companies are to be registered online by the main exhibitor. The mandatory communication fee for co-exhibitors/additionally represented companies will be invoiced to the main

exhibitor with the final invoice. An application fee in the amount of **EUR 1,150** will be levied for each co-exhibitor.

For each co-exhibitor without Messe München GmbH admission and every single additionally represented company without Messe München GmbH admission, Messe München GmbH is entitled to demand a penalty charge of **EUR 1,000** from the exhibitor. Furthermore, Messe München GmbH may demand that co-exhibitors and additionally represented companies without Messe München GmbH admission vacate the stand. Should the exhibitor fail to comply with Messe München GmbH's vacation demand without delay, Messe München GmbH has the right of extraordinary cancellation in respect of the contractual relationship between Messe München GmbH and the exhibitor.

B 5 Terms of payment (cf. A 7)

The amounts invoiced in all invoices issued by Messe München GmbH in connection with the event are to be transferred in euros, without deductions and free of all charges to one of the accounts specified in the respective invoice, indicating the customer number. The times of payment specified in the invoices are binding and are to be complied with.

The invoice for all additional costs (e. g. lettering, technical services, electricity) will be sent to the exhibitor after the end of the event; it is to be paid by

him immediately upon receipt. Should the exhibitor wish to have an invoice re-issued because the name, legal form or address of the invoice recipient has changed, the exhibitor is bound to pay Messe München GmbH a fee of **EUR 50** for each invoice amendment, unless the data included in the original invoice in respect of the name, legal form or address of the invoice recipient was incorrect and Messe München GmbH was responsible for the incorrect data.

Event-specific traffic guide

All event-specific drive-in regulations will be summarized in the event's traffic guide. This will be made available for download on the event homepage well in advance of the start of setup.

Driving motor vehicles on the exhibition grounds

Driving on the grounds with motor vehicles or vehicle combinations of any kind (hereinafter referred to as "vehicles") is at your own risk. The provisions of the German Road Traffic Regulations (StVO) apply accordingly throughout the exhibition grounds and in the parking lots. The maximum speed permitted on the exhibition grounds is 20 km/h.

There is an absolute ban on stopping outside the areas designated for stopping and parking. The marked driveways, fire department movement areas and escape routes (outer gates, hall gates, emergency exits, etc.) must be kept clear at all times.

Vehicles may only be parked on the exhibition grounds in the designated areas and only temporarily for the purpose of unloading or loading materials. On completion of loading/unloading, the vehicle must leave the exhibition center immediately; no parking beyond this activity is permitted.

Messe München GmbH reserves the right to remove vehicles, trailers, containers, bins, empties or full loads of any kind parked illegally or in no-stopping zones without prior notification at the expense and risk of the party responsible. Guarding and safekeeping are excluded.

Right of transportation and forwarding

The operation of exhibitor-owned forklift trucks, cranes, high-lift pallet trucks and low-lift trucks with operator platforms is not permitted on the Messe München exhibition grounds. Messe München GmbH's accredited forwarding agents exercise the sole right of forwarding on the exhibition grounds, in particular with regard to the transportation of exhibits or the loading and unloading of trucks.

Deposit collection

A deposit of **EUR 100** in cash must be paid for each vehicle when entering the exhibition grounds at the times specified in the traffic guide. The deposit will be returned on exit and is subject to compliance with the specified deposit period. If the deposit period is exceeded, the deposit will be forfeited. The deposit period is dependent on the respective vehicle class and can be found in the traffic guide.

FairLog truck guidance system for long vehicles

For vehicles with an overall length exceeding **8 m**, a time slot must be booked in advance via the "FairLog" online portal for loading or unloading at the times specified in the traffic guide. On site, these vehicles must be registered at check-in before accessing the site, stating the time slot reservation number in order to complete the process.

Rental Spaces for Containers and Exhibits

Parking spaces for containers and exhibits in the loading yards may only be occupied as of 18:00 on the last day of setup. They must be vacated no later than one hour after the end of the trade fair on the last show day. In the event of violation of these provisions, Messe München GmbH is entitled to demand a lump-sum compensation amounting to the respective net rent per space plus VAT for each day on which the rental space was occupied too early or vacated too late.

All delivery and stand-construction vehicles must be removed from the halls, the loading yards around the halls, and the outdoor exhibition area by 18:00. Vehicles which are still in the said areas after this time will be removed by Messe München GmbH at the risk and expense of the respective exhibitor.

Furbishing work and decoration in the exhibitor's own stand space is possible from 18:00 until 20:00. An extension of setup time after 20:00 is only permitted in exceptional cases and subject to a fee. A night work permit must be obtained on site from the security service.

Start of dismantling

Vehicles of stand construction companies and suppliers will not be admitted on November 13, 2026 before the entry time communicated in the traffic guide. If exhibition goods are removed or the stand dismantled before the end of the fair, Messe München GmbH may demand payment of a contractual penalty of **EUR 1,000** from the exhibitor.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 7 Stand design and equipment

Stand designs for two-story constructions, for stands larger than **100 m²**, stand structures exceeding **3 m** in height or with a stand covering require prior authorization. Dimensioned drawings including floor plans and elevations on a scale of 1:100 must be submitted digitally in PDF format (not protected) to Messe München GmbH, Technical Exhibition Services Division for approval no later than **6 weeks** before setup begins.

Halls, general

Single-story construction

The maximum construction height is **6 m**. The maximum advertising height (upper edge) is **6 m**.

Two-story construction

The maximum construction height is **7.50 m**. The maximum advertising height (upper edge) is **7.50 m**.

In addition, the maximum construction height (clearance) alongside the hall walls must be observed (see description of halls and outdoor exhibition grounds).

In order to preserve the character of SEMICON Europa as a communication and business trade show, exhibitors are requested to ensure an open stand design. Messe München GmbH is entitled to demand changes in the exhibition stand design in this context. Stand designs can only be approved if the open sides of the booth have a uniformly open design. Erecting closed walls is permitted, provided they do not take up more than **70%** of the total length of the respective stand side, and completely closed walls may be no more than **6 m** in length. A closed length of wall measuring **6 m** must be followed by an opening at least **2 m** wide.

This ruling does not apply if:

- the respective structure is set back from the stand perimeter by at least **2 m**.
- the height of structures at the stand perimeter does not exceed **1.20 m**.

If, for safety reasons, a closed structure exceeding **1.20 m** in length should be necessary, exhibitors are requested to consult with the Technical Exhibition Services. Messe München GmbH reserves the right to allow exceptions to this ruling in individual.

The partition walls facing the neighboring stand must be kept white, neutral, free of installations and clean above a height of **2.50 m**. It is recommended that exhibitors install partition walls (height **2.50 m**) as demarcation to neighboring stands. Messe München GmbH supplies partition walls only at the request and expense of the exhibitor. Partition walls or additional cabin walls (height **2.50 m**) can be ordered in the Exhibitor Shop. In the case of advertising structures directly facing adjoining stands, there must be a minimum distance of **2 m** to the stand perimeters. Flashing or changing lights must not be

used for advertising purposes. The stand design must be adapted to suit the type of rented stand (row, corner, end, island stand), e.g. by partition wall systems. The exhibition stand should also meet the character of the respective trade fair to preserve the visual identity of the event. Messe München GmbH is entitled to demand changes in stand design on this account.

Stand areas with main and co-exhibitors must be designed in such a way that they are clearly recognizable as one stand area. In addition, the stand number assigned by Messe München GmbH may not be adjusted, extended, or changed.

Stand construction approval

As a matter of principle, every planner/designer of an exhibition stand is responsible for compliance with public statutory regulations, insofar as applicable to exhibition stands, and compliance with Messe München GmbH's Technical Guidelines as well as the General Terms of Participation.

No approval of plans from Messe München GmbH is necessary given compliance with the following requirements:

- stand and/or advertising structures no higher than **3 m**
- stand area no larger than **100 m²**
- stand is without covering.

Any stand concepts in non-compliance with the aforementioned requirements are to be submitted—digitally, in PDF format—for approval to Messe München GmbH's Technical Exhibition Services Division, containing to-scale stand design plans (ground plan, elevations and sectional drawings) no later than **6 weeks** prior to official setup date. If items are to be suspended from the hall ceiling, the work involved must be carried out by Messe München GmbH's contractors. The placing of motor vehicles of any kind on the stand area for exhibition or decorative purposes is prohibited and is permissible only in exceptional cases on the prior written consent of the Exhibition Management. Moreover, multi-story stands and special constructions (such as bridges, stairs, cantilever roofs, galleries, etc.) are as a general rule subject to separate approval. Please consult the "Building Regulations" set out under "Notices—Applications" in the Exhibitor Shop for further information. **Please note under all circumstances the requirements set out in the Technical Guidelines and the information included in the individual notices.** For further processing, the exhibitor service media for ordering additional stand services will be made available to you online via our Exhibitor Shop in due time, or sent to you per e-mail.

B 8 Official regulations and permits

In the erection, operation and dismantling of their structures at the exhibition center, exhibitors are to comply with all statutory and official regulations as well as the relevant requirements of Messe München GmbH and especially those from the Terms of Participation and the Technical Guidelines. In addition to the Technical Guidelines, the relevant safety regulations of the TÜV (German organizations for technical inspection and control) also apply to all

exhibits and other equipment and facilities; recognized codes of practice are to be complied with. Revolving tower cranes and the like must be secured in accordance with regulations. For safety reasons, it is not permitted to attach advertising media or other loads to cranes, with the exception of non-weighted flags.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 9 Technical installations

The technical services designated accordingly in the Technical Guidelines such as the provision of installations to supply the stand with electricity and water can be ordered only from Messe München GmbH. Wired telecommunications equipment may only be provided by Messe München GmbH; Deutsche Telekom AG and other network operators are not authorized at the exhibi-

tion center. To connect his own stand area, the exhibitor may operate his own wireless LAN network at his stand after prior written approval from Messe München GmbH; the specifications of Messe München GmbH are to be complied with.

B 10 Sales regulations

Open selling or other provision of goods and services from the stand is not permissible. Exhibited articles may be delivered to purchasers only after the end of the fair. It is not permitted to show the selling price openly. Under No.

64 GewO (German trade regulation act), it is permissible to sell only to commercial resellers, commercial consumers and bulk purchasers.

Exhibitors can book additional listings and other presentation opportunities in these communication media in the online catalog shop of the official media services partner. The online ordering system will be made available to applicants in good time by the media services partner. The media services partner handles these extra listings with the ordering party in his own name and his own account. Messe München GmbH assumes no liability for the accuracy or completeness of the trade fair media (digital and printed).

The exhibitor is solely responsible for the legal admissibility, in particular the admissibility under competition law, of his entries in the exhibitor directories. Should third parties assert claims against Messe München GmbH on account of the entries being inadmissible under legal or competition law, the advertiser will indemnify Messe München GmbH comprehensively against all claims asserted, including all costs of necessary legal defense on the part of Messe München GmbH.

The same applies to entries by exhibitors, co-exhibitors/additionally represented companies and exhibitors on joint stands that the respective exhibitor has initiated in Messe München GmbH's trade fair media.

The number of exhibitor passes does not increase through the taking in of co-exhibitors/additionally represented companies.

The exhibitor pass does NOT entitle the holder to free use of local public transport (MVV—Munich Transport and Tariff Association).

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 13 Vouchers for a one-day ticket

Exhibitors, co-exhibitors and companies on joint stands have the opportunity to order vouchers for day tickets or online tickets as part of the advertising media offer (can be ordered via the Exhibitor Shop as of summer 2026). All redeemed vouchers for day tickets or online vouchers are included in the participation fee and will not be charged.

The resale of online vouchers is prohibited. In case of misuse, the exhibitor will be excluded from participation in the online voucher program.

B 14 Photo, film and video shooting (cf. A 10)

By derogation from A 10 of the Conditions of Participation A, permission is no longer required for photography, film and video recordings of the exhibitor's own stand during the official setup and dismantling times and during exhibitor opening hours.

By 23:00 at the latest, all persons must have left the fairgrounds.

The exhibitor is responsible for ensuring that the attendees of his stand party do not access other trade fair booths or touch any exhibits located there. The exhibitor is to ensure that the attendees of his stand party follow the instructi-

ons of the safety and security service employed by Messe München GmbH. The minimum scope of the safety and security services necessary is determined by Messe München GmbH. The exhibitor indemnifies and holds Messe München GmbH harmless in connection with the stand party. The services provided by Messe München GmbH in connection with each stand party are **charged to the exhibitor in the final invoice**.

To ensure a smooth, uninterrupted event, we recommend that you consult with your booth neighbors of the planned party in advance. Please note that the volume of musical renditions on the stand may not exceed **85 dB (A)**.

Services with regard to the receipt and dispatch of consignments are offered by the authorized freight forwarders at the exhibition center.

B 17 Noise, sound effects, GEMA

Demonstrations of machines, video, music, stage shows etc. during the event (see opening hours) require the prior authorization of Messe München GmbH and must be conducted in such a way that no other exhibitors are disturbed or adversely affected. Accordingly, loudspeakers and other acoustic amplifiers/sound systems must be turned towards the exhibition stand and may not sound off on neighboring stands or aisles. The sound level may not exceed **70 dB (A)** at the stand perimeter (see also Technical Guidelines 4.7.7, 5.8.1 and 5.15). Messe München GmbH reserves the right to limit or prohibit demonstrations of any kind—irrespective of previous authorization—causing noise, optical disturbances or for other reasons constituting a hazard or impairment to the event and especially event participants. The relevant statutory provisions must be observed.

Under the terms of the Copyright Act, the permission of GEMA – Gesellschaft für musikalische Aufführungs- und mechanische Vervielfältigungsrechte (Musical Performance and Mechanical Reproduction Copyright Watchdog) is required for musical renditions of any kind.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

advertising activities outside the confines of the rented stand space, in particular to expel persons who are used as advertising carriers from the site, and to confiscate, remove or destroy unauthorized advertising media. Messe München GmbH is entitled to demand a compensation for unauthorized advertising activities carried out by the exhibitor outside his booth, amounting to twice the fee Messe München GmbH would have charged for granting approval. Messe München GmbH's right to claim further damages remains unaffected.

B 19 Alterations
