

Hall B0 – Newly Released Exhibition Space

Due to strong demand, limited additional exhibition space has been released in a newly activated hall area within the SEMICON Europa exhibition footprint.

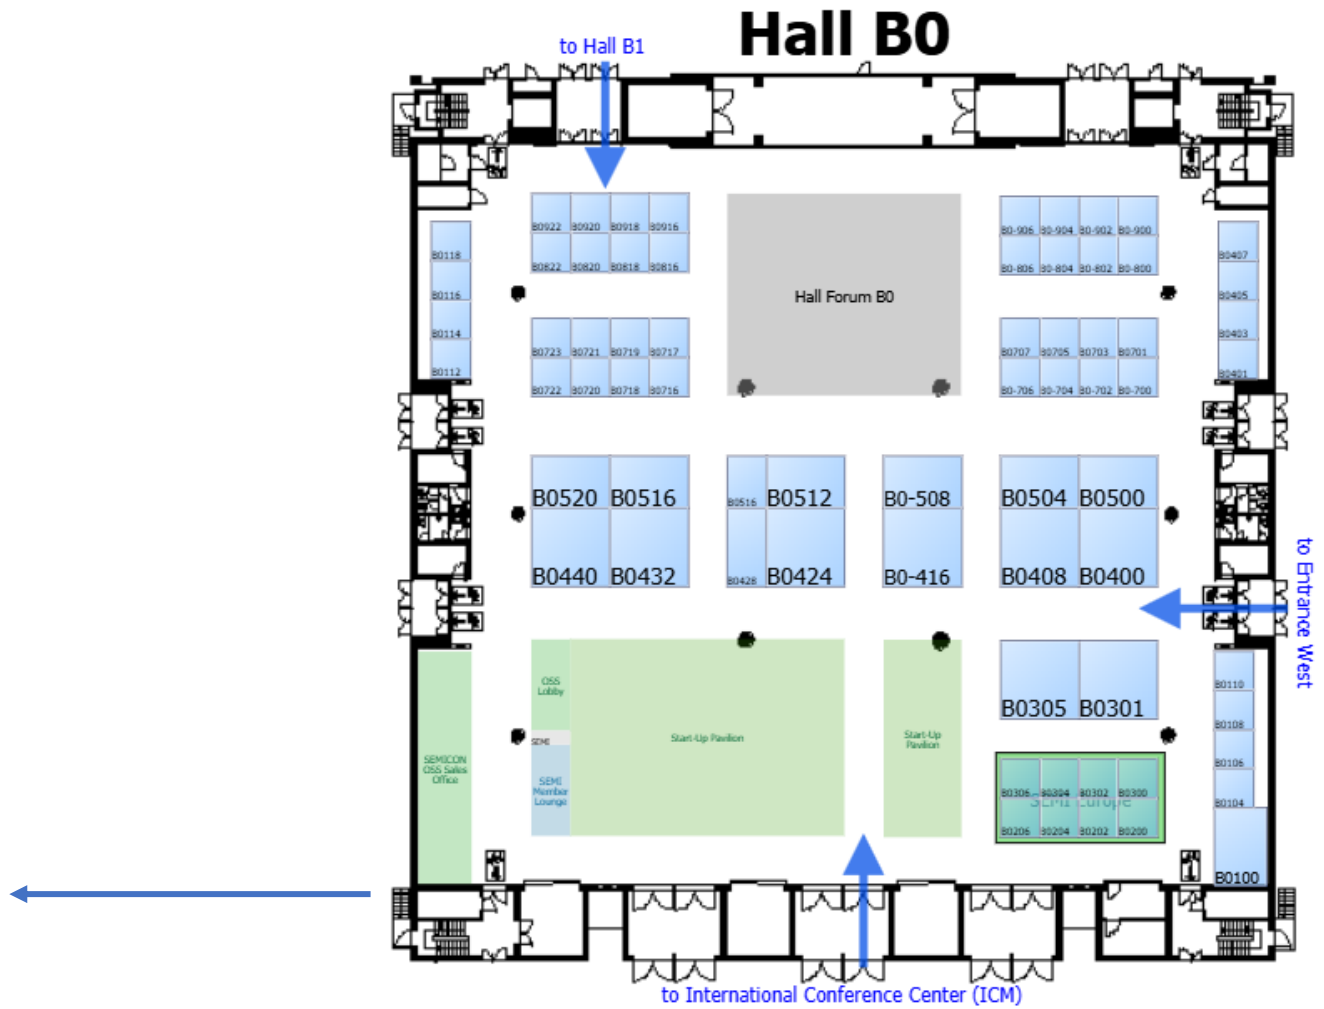

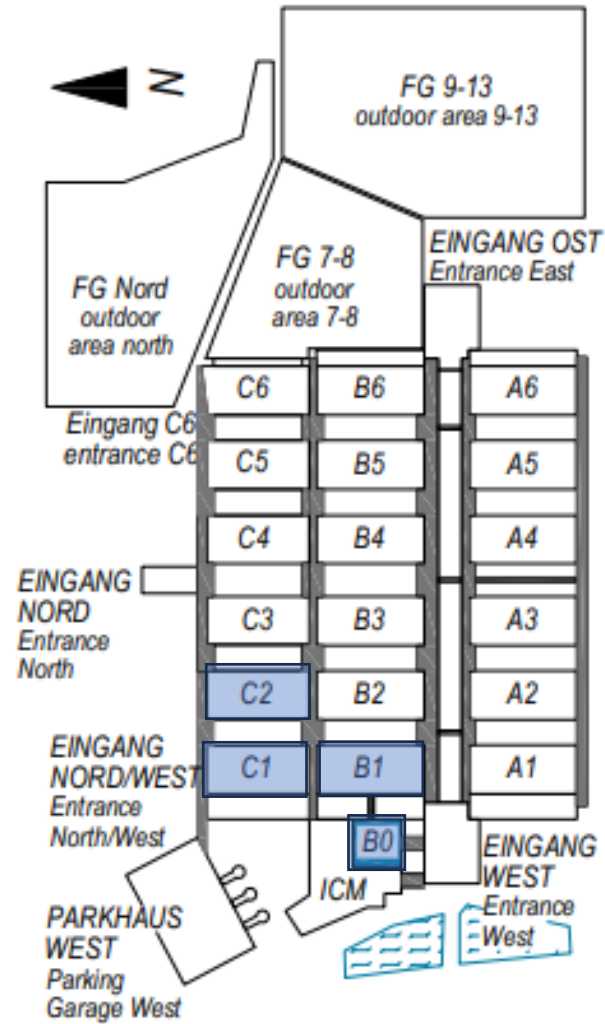

Hall B0 at a Glance

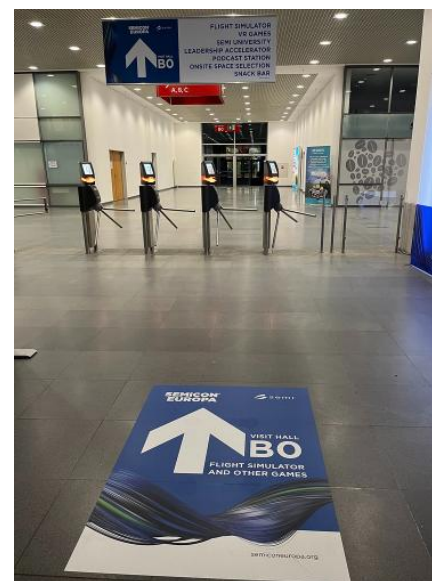

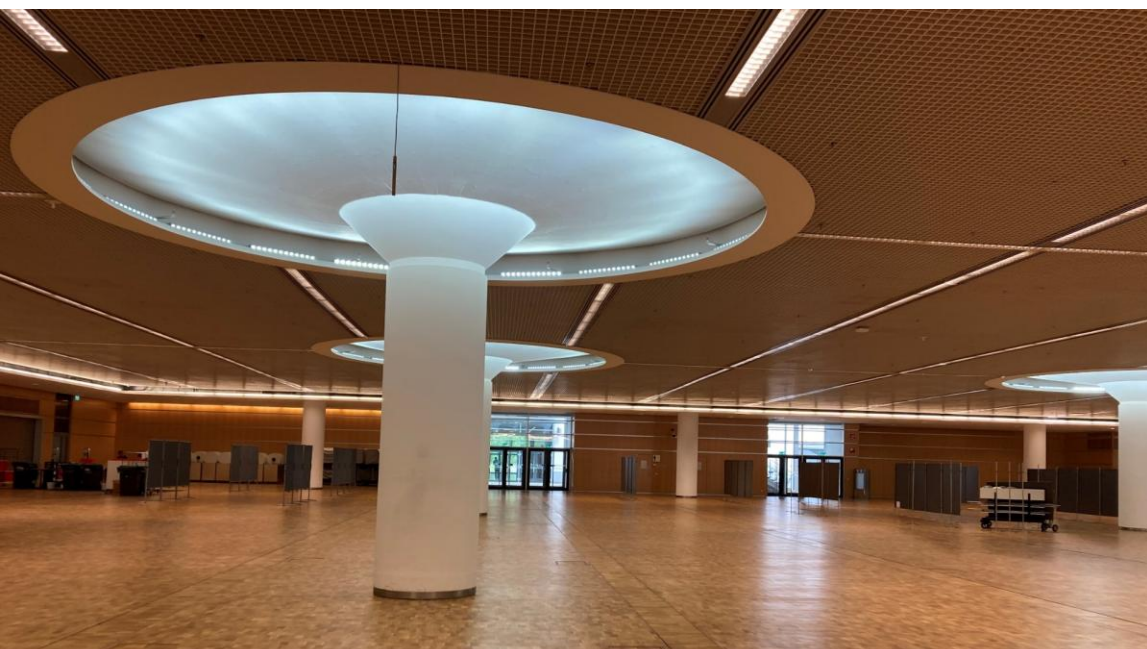

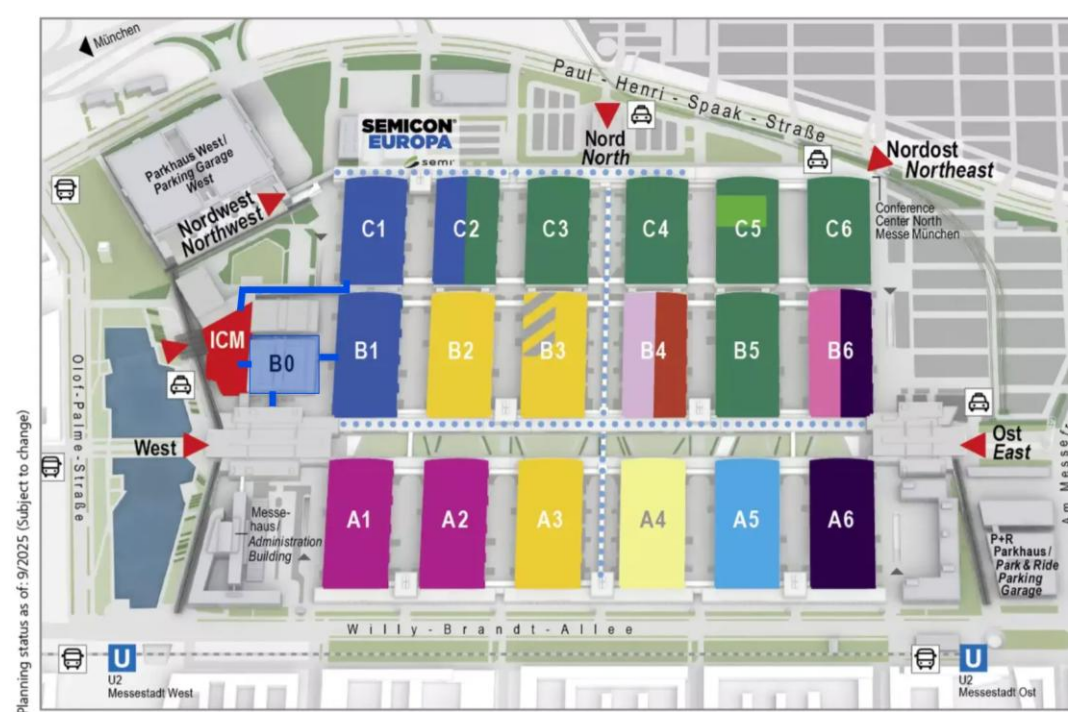

- Suitable exhibition space: **around 1/3 the size of a standard SEMICON Europa hall**
- **4 m** clearance height
- **Wood-panelled walls**
- **Oak timber parquet flooring**

Location & Visitor Flow

Hall B0 is strategically embedded within the SEMICON Europa visitor journey, located between the **ICM conference content hub, Hall B1**, and the **West Entrance**, ensuring continuous attendee flow and strong visibility.

ÜBERSICHTSPLAN POSITION PLAN

ICM conference content hub

Which activities run at the International Conference Center during SEMICON Europa?

SEMI Europe's Conference at the ICM

- Two high-impact, paid-access conferences held alongside SEMICON Europa on Wednesday (Day 2)
- Advanced Packaging Conference ([APC](#))
- Fab Management Forum ([FMF](#))
- Approximately 400 delegates attend these content-rich events
- Additional topical meetings hosted daily by SEMI industry partners in the ICM

The logo for the Advanced Packaging Conference features the words "ADVANCED PACKAGING CONFERENCE" in a blue, sans-serif font, stacked vertically. A vertical white line is positioned to the right of the text.
