EXHIBITOR UPDATE

SEMICON Europa 2026
co-located with [electronica](#)
November 10-13, 2026
Munich, Germany

Dear Exhibitor,

Thank you for being part of SEMICON Europa 2026 – we're thrilled to have your company on board.

Here is some important information to prepare you for your participation:

Exhibitor Online Directory Review and Update

Don't forget to update your booth profile as soon as possible to begin leveraging your online listing. You can find your login information in the Exhibitor Hub, subject line: [SEMICON Europa 2026 - Exhibitor Hub Information](#)

The All-New SEMICON Europa 2026 Exhibitor Hub

We have launched a new and improved [Exhibitor Hub](#) experience – designed to be fast, intuitive, and built to help industry professionals find you.

To maximize your visibility:

- Complete your online exhibitor profile
- Select relevant product categories
- Upload your company information early

This ensures industry professionals can easily discover your brand as they explore the event website.

Get started with the [login instructions](#) to log in or create an account in the [SEMICON Europa 2026 Exhibitor Hub](#).

Important Deadlines

EXHIBITOR DIRECTORY AND VISITOR GUIDE [by mid-September]

SEMICON Europa / electronica will distribute a combined, printed visitor guide (as well as an online exhibitor directory). Your entry in the exhibitor directory as well as in the visitor guide is managed by the publishing house j. Medien GmbH. This is Messe Munich's only partner in this area. **This listing is separate from your Exhibitor Hub profile** and SEMICON Europa communications and will instead appear within Messe Munich and electronica's official visitor-facing materials. As a result, it extends your company's visibility beyond SEMI channels and helps you reach a broader audience of electronica attendees who may not otherwise access SEMICON Europa material.

- You will receive the **proof of the company entry** from the publisher. Please check the material and give the publisher appropriate feedback.
- Also **make sure that you exhaust the scope of the entry included in the communication fee**, which includes three entries in the list of goods and three destinations or brands (see also [Conditions of Participation B](#)). This way interested visitors can find you more easily.
- If desired, **additional services** can be booked (such as your logo in the printed visitor guide), for which a fee is charged.
- All information added to this Messe Munich media entry will not appear in the SEMI Exhibitor Hub profile.

⚠ During the last editions of SEMICON Europa, we were notified that some exhibitors have been contacted by some dubious companies. Please do not supply your information to any other service provider who claims to work on behalf of SEMICON Europa or electronica. These companies have not been commissioned by us.

EXHIBITOR SHOP [by September 22]

Use your personal login information to access the [Exhibitor Shop](#) to order any booth-related products and services online (e.g. electricity, cleaning, security, hostesses). If you did not receive your login data, please send a message to shop@electronica.de.

- You will receive the **login information** for the Exhibitor Shop by email after confirmation of your stand proposal.
- Please be sure to observe the **order deadlines**, as surcharges will apply for orders placed at very short notice.
- Your stand will not be guarded by Messe Munich. We recommend that you book your own **security** via the Exhibitor Shop if necessary.
- If you are planning an **evening event** at your stand, please register this, using the related form in the Exhibitor Shop.
- You can also create your **exhibitor passes** via the Exhibitor Shop. They are available to you fully personalized and electronically as a mobile ticket for smartphones and tablets or Print@Home ticket. As a main exhibitor, you have an amount of free permanent exhibitor passes at your disposal; you will find the number in your placement proposal. Co-exhibitors will **not** receive included visitor passes with their registration. Only used passes will be charged; the first ones used will automatically count as free of charge.
- Meeting rooms can be booked through the [Exhibitor Shop](#). Should you have any questions regarding meeting rooms, please contact tas1@messe-muenchen.de.

Any additional equipment that you book in the [Exhibitor Shop](#) will be included in your final invoice, distributed by Messe Munich after the fair.

For questions regarding the Exhibitor Shop or your bookings, please contact the electronica exhibitor hotline: +49 89 949 11458.

TECHNICAL SERVICES [by September 22]

Please thoroughly review all the information regarding

- [Technical Guideline](#)
- [Important Notes](#)
- [Important Dates and Logistics Information](#)

A booth design needs to be approved by the TAS, except if all these points are fulfilled:

- height of stand and/or advertising structures no more than 3m
- size of stand less than 100m²
- no canopies or other stand coverings

For further information, you may contact:

Exhibitor Technical Services (TAS), Department 1
tas1@messe-muenchen.de
+49 89 949-22042

INVOICING

Once you have confirmed your stand proposal, you will receive your admission invoice shortly after.

- The **invoice recipient** is always the company which is registered as an exhibitor.
- If a **different invoice recipient** is desired, the exhibitor must inform us by email at semicon.europa@messe-muenchen.de as early as possible and a corresponding form must be requested, completed and returned.
- **Co-exhibitors** may not specify a different invoice recipient.
- Subsequent **invoice changes** will be invoiced at 50 EUR.

Approx. 4 to 6 weeks after the fair, exhibitors will receive the **final invoice**. Here, the item "Advance payment for services" listed on the admission invoice will be offset against the actually ordered services.

⚠ !! It is possible that counterfeit invoices in the name of electronica and/or Messe München will be sent. All invoices of Messe München are sent from the following email address: noreply.electronicinvoice@messe-muenchen.de. Check with us if you have any doubts.

BOOTH CONSTRUCTION

Please check your Placement Proposal or invoice to confirm which booth type you have applied for. The stand space reserved via the online application consists of raw space only. Stand construction is not included unless you have applied for a turnkey booth package.

Via the [Exhibitor Shop](#), you can add services such as electricity and ordering equipment such as flooring, partition walls, furniture, etc.

You are welcome to work with any booth builder of your choice. Here below are some contact suggestions and available booth package offers:

- **MesseProjekt**
 - [Booth Configurator](#)
 - [Booth Package](#)
 - [Additional Equipment](#)

- **MEPLAN**
 - [Booth Configurator](#)

CO-EXHIBITOR LISTING

On the confirmation email of your online booth registration, there is a link to add a co-exhibitor. Kindly forward this link to your co-exhibitor so they can register. For any questions, please contact semicon.europa@messe-muenchen.de.

TRANSPORT & LOGISTICS

Delivery of Goods

Shipments of goods, letters or other items to be delivered to the exhibitor's stand must contain the following information:

*electronica 2026 / SEMICON Europa 2026
Name of the exhibitor
Hall + stand number
Am Messesee 2
81829 Munich
Germany*

Please Note:

- The address given above is **only valid during the trade fair**. For deliveries in the run-up to the trade fair, please contact one of our approved forwarding agents.
- Exhibitors are advised not to leave any deliveries of goods or other items unsecured in the hall or outdoor area during the construction and dismantling periods.
- Messe Munich GmbH does not accept consignments of goods, letters or other items intended for exhibitors or third parties.

Authorized Freight Forwarders

Services regarding the receipt and dispatch of consignments are offered by the authorized freight forwarders at the exhibition center. Please find it here: [List of authorized freight forwarders](#)

Logistics Partners

Find the logistic partners for Messe Munich here:

- [Lift rental](#)
- [Crane rental](#)
- [Storage tents & canopies](#)
- [Forklift provision](#)
- [Customs clearance](#)

Set-up and Dismantling Time

Setup time:

November 04 – 08, 2026 | 07:00 – 23:00
November 09, 2026 | 07:00 – 18:00 (stand construction) and 18:00 – 20:00 (decorative works)

Dismantling time:

November 13, 2026 | 15:00–24:00
November 14, 2026 | 00:00 – 23:00
November 15, 2026 | 07:00 – 23:00
November 16, 2026 | 00:00 – 23:00
November 17, 2026 | 00:00 – 23:00

Extensions to the setup times are only possible in exceptional cases and with written authorization from the Exhibitor Technical Services Department.

For further information, you may contact:

Exhibitor Technical Services (TAS), Department 1
tas1@messe-muenchen.de
+49 89 949-22042

WASTE PREVENTION

Messe München has produced a guide for waste prevention, kindly review the guide here: <https://messe-muenchen.de/en/services/waste-prevention-guide/>

PASSES

Exhibitor Passes

Each main exhibitor gets a minimum of 2 passes, according to booth size:

- Up to 16 m² of stand size: 2 exhibitor passes
- Up to 20 m² of stand size: 3 exhibitor passes
- As from 21 m² for every further 20 m²: 1 exhibitor pass in addition
- As from 161 m² for every further 20 m²: 2 exhibitor passes in addition

You can order exhibitor passes in the [Exhibitor Shop](#).

Co-exhibitors can order exhibitor passes via their own Exhibitor Shop account. In case you have issues with your Exhibitor Shop account, please contact: semicon.europa@messe-muenchen.de

Visitor Passes

As an exhibitor, you can order an unlimited number of visitor ticket vouchers in the [Exhibitor Shop](#) which can be redeemed for one-day tickets. The tickets grant access to SEMICON Europa and electronica fair.

Kindly review the [User Guide](#) for instructions on how to invite customers to the trade fair and allocate exhibitor badges to your employees.

In case of any problems with SEMICON visitor registration, please contact the helpdesk: semicon.europa@messe-muenchen.de / +49 89 949-11458
