1. Administration Fee

1.1 The administration fee ("Admin Fee") for participation in the Onsite Space Selection ("OSS") for SEMICON Europa 2027 is EUR 150.00 per customer / legal entity. The collecting entity is SEMI Europe GmbH.

1.2 The Admin Fee is charged in EUR, plus German value added tax (VAT) at the statutory rate (currently 19%). The OSS is an in-person event held at the SEMICON Europa fairground in Munich, Germany. The place of supply for the Admin Fee is Germany for all customers, irrespective of their place of business or VAT status. Customers with a place of business outside Germany may be entitled to a refund of German VAT under the applicable VAT refund procedures.

1.3 The Admin Fee is payable online only, by credit card via the payment gateway integrated in the a2z platform, at the time of online registration. No other payment methods are accepted.

1.4 The Admin Fee is non-refundable and non-transferable. It is earned in full upon submission of the online registration and processing of payment, irrespective of whether the customer attends the OSS appointment, obtains a booth reservation, or ultimately concludes an exhibition contract. Mandatory statutory rights, if any, remain unaffected.

1.5 The customer must be identifiable by entity ID or equivalent unique reference. SEMI Europe may reject or cancel registrations that cannot be clearly attributed to a legal entity.

2. Purpose and Scope of the Fee

2.1 The Admin Fee entitles the customer to participate in the Onsite Space Selection event (OSS) for SEMICON Europa 2027 and to reserve booth space during a scheduled in-person appointment at the SEMICON Europa fairground in Munich, Germany, subject to SEMI Europe's admission and allocation criteria.

2.2 Subject to availability and SEMI Europe's confirmation, the customer may reserve booth space during the OSS appointment taking place at the SEMICON Europa fairground in Munich, Germany.

2.3 Participation in the OSS requires in-person attendance at the appointment. Remote or virtual participation is not part of the OSS.

2.4 The Admin Fee does not create a binding exhibition contract, a final booth allocation, or a stand rental agreement. Any reservation recorded during OSS constitutes a provisional, non-binding option to exhibit only.

2.5 A binding exhibition contract arises solely upon completion of the Exhibitor Online Registration ("EOA") with Messe München and the conclusion of the booth contract in accordance with its terms.

3. Process Steps

Participation in the OSS comprises the following steps:

(a) Invitation & registration request. SEMI sends the OSS invitation email and requests registration for OSS.

(b) Register & pay. The customer submits the online registration and pays the Admin Fee online (credit card via the a2z payment gateway).

(c) Verification. SEMI Europe checks payment receipt, customer identity, and allocation criteria.

(d) Appointment confirmation. The OSS appointment is confirmed by email, or missing information is requested. SEMI Europe may decline registration where information remains incomplete or criteria are unmet.

(e) Select & reserve. Booth options are reviewed onsite; a reservation is recorded during the OSS appointment.

(f) Confirmation & follow-up. The reservation is confirmed by email; the customer must complete the EOA Exhibitor Online Registration with Messe München to convert the reservation into a booth contract for SEMICON Europa 2027.

(g) Deadline. The reservation remains provisional until all follow-up steps are completed on time, and in any event no later than **15 February 2027 — EOA registration deadline**. Reservations not converted by this deadline lapse automatically, without refund of the Admin Fee.

4. Exclusions

The Admin Fee does not include stand rental, space or technical service fees, or any other exhibition costs. These are governed exclusively by the exhibition contract concluded via EOA. The Admin Fee is independent of the exhibition stand rental and will not be credited, offset, or reimbursed against any stand rental or other exhibition costs.

5. Further Provisions

5.1 If SEMI Europe cancels the event or the OSS process in its entirety, the Admin Fee will be refunded to the original payment method, unless the customer agrees to a credit toward a future edition.

5.2 SEMI Europe may amend these terms with reasonable prior notice; material changes will be communicated to registered customers.

5.3 Personal data is processed in accordance with the SEMI Privacy Policy: https://www.semi.org/eu/privacy-policy.

5.4 These terms are governed by German law. The exclusive place of jurisdiction is the registered seat of SEMI Europe GmbH in Berlin. The UN Convention on Contracts for the International Sale of Goods does not apply.

5.5 Should any provision be or become invalid, the remaining provisions remain unaffected.
